

Little acts of kindness

Little acts of kindness
A form of aggrandisement.
Making others lesser
For a little advertisement.

Little acts of kindness
Better named indulging
Doing good for others
Gets your satisfaction bulging.

Little acts of kindness
Can encourage friendly mingling
A tad superior to others?
Gets your endorphins tingling.

Little acts of kindness
Can be construed as quite suspicious
If the helpless guy is handsome
Rewards can be propitious.

Little acts of kindness
Are plainly parasitic.
If you give judiciously
What you get can be prolific.

Little acts of kindness
can lead one to adventure
Maybe a chance encounter
... the rest I have to censor.

Gina 's into coal and iron
And even news production
But Gina don't do kindness
It ain't a tax deduction

When you're poor and out of cash
Have ought to give away
Just a smile will do the trick
Light another's dreary day.

The moral:
The kindest act of kindness
I think that you can do
Is accept another's actions
When they are kind to you.
